

Welcome to WXDU 88.7 & 90.7 FM, Duke Student Radio! This fall's program guide in new poster form gives you a little information about us and our scheduling. Not only do we offer the cutting edge of new music, but our special programming of jazz, reggae, blues, New Age, women's music and more makes us the hippest thing on your radio dial. We've made things even easier for you with last year's installation of a new frequency, 90.7 fm, especially for West Campus. There's a whole world of new music beyond just waiting for you; all you have to do is turn us on.
